

Build a Stronger Workforce with Apprenticeships

with your local Activate Learning College

Are you in need of skilled carpentry or bricklaying professionals? Activate Apprenticeships and CITB can help.

Why choose Activate Apprenticeships for your recruitment and training needs?

Talent Pool: our learners gain practical skills and safety training, creating a ready-to-work pool of eager apprentices.

Training: we work closely with industry, our programmes ensure apprentices learn relevant, up-to-date skills tailored to your needs.

Funding: as apprenticeship experts, we'll guide you through government funding and available incentives.

Collaboration: partnering with your local college helps employers build connections with other businesses, training providers and employment initiatives.

Recruitment: we will support advertising, shortlisting, and selection to streamline your hiring process.

“

Hummels Brickwork Ltd have been collaborating with Activate Learning for many years now and have had many apprentices become qualified bricklayers. We find the whole process, from setting up the apprenticeship to completion of the course, flawless and friendly.

”

BRICKWORK & MASONRY

What apprenticeships offer:

Skills Gap: a cost effective way to upskill your current team or bring in new talent to address the skills gap.

Boost Productivity: apprentices bring fresh perspectives and enthusiasm, bringing new energy into your team and ability to deliver on projects.

Financial Benefits: reduced recruitment costs, funding and incentives and a strong return on investment.

CITB Apprenticeship Grants

Grants and funding are available for your business

Claim up to £8,500 in CITB apprenticeship grants today.
